

URBAN CODE

Studio · Custom web development from €1500

urban-code.eu

FROM ZERO TO PRODUCTION

6 stages · 1–10 weeks

0 1

Brief

2–3 days

A video call — we capture goals, constraints and metrics. You get a written summary and a proposal with timelines.

ARTIFACT

Written summary and proposal

0 2

Design

7–10 days

Final screens and components. You receive the design system we use inside development.

ARTIFACT

Design system in Figma

0 3

Prototype

4–6 days

A skeleton of key screens in Figma. We test scenarios before the first line of code is written.

ARTIFACT

Clickable prototype in Figma

0 4

Development

2–5 weeks

Two-week sprints with demos and access to staging. Changes are visible right away — not only at the end.

ARTIFACT

Working code + staging env

0 5

Testing

4–5 days

Regressions, edge cases, load tests. Bug log with priorities — open to the client.

ARTIFACT

QA report and fixes

0 6

Release

1–2 days

Production, domains, monitoring, access. One year of warranty support after launch — included.

ARTIFACT

Production + access + 1yr warranty

Total: **1–10 weeks** from the first call to production.
